Planning and Training for UC/CI Rescue On and Off the “X”  
Successfully Supervising UC Officers  
Scenario Based UC Rescue “Hands-on” Walk Through's with SurTec/Casper E/S Demo  
What is ES and why is it essential for Law Enforcement operations?  
Transmitters; Receivers; Repeaters; Recorders; Concealments.  
Hard-Wired vs Wireless equipment, Body-worn vs strategically placed  
What are ES Countermeasures and how can they be used against us.

#### Course Instructors: Scott Perala and Allan Melton

**Scott Perala** is a retired ATF Special Agent with more than twenty-nine years of experience, retiring in 2018 as the Resident Agent in Charge of the ATF Charleston, SC Field Office. Scott spent the majority of his federal law enforcement career working undercover investigations involving firearms and narcotics violations that targeted violent criminals and street gangs. Scott also served as a member ATF's Special Response Team. During his career, Scott participated in, planned and lead hundreds of enforcement and covert operations. Scott has received multiple awards and national recognition for his successful undercover work and has provided training for over a thousand law enforcement officers throughout the United States in safely conducting undercover investigations. After retiring from ATF Scott became a law enforcement and use of force instructor at the Federal Law Enforcement Training Center (FLETC) in Glynco, GA, where he has provided over 3,000 hours of instruction to newly hired federal agents from as many as sixty government agencies in a multitude of investigative techniques.

**Allan Melton** is currently employed with SurTec, Inc. He retired from the ATF in December 2016, with 27 years of service. Allan served as Special Agent, SRT (SWAT) team member and Senior Operations Officer. From 2002-2016 Allan served as a Tactical Operations Officer and. His primary duties were to provide direct tactical support to Special Agents in all phases of investigations and undercover operations with emphasis on the technical aspects. In relation to the technical component, Allan is a member of NATIA (National Technical Investigators Association). Allan was the ATF National Academy lead instructor relating to technical investigations and electronic surveillance for field operations

*Practical Training  
for Today's Law  
Enforcement Needs*
